- Harassment in the Workplace

Through a website designed for CAMA Members, you can assign training modules and track their progress with real time reporting.

This package offers an immediate \$5,000 savings to CAMA Members, as TPC will waive administrative setup costs.

Each of your employees can access 220 hours of on-demand training content for just \$549 per employee per year. The CAMA/TPC Training program provides you with the flexibility to start and stop training as your production schedule allows.

Compare that price and flexibility to just one credit hour at a local training facility, and you'll see the benefits of having a training program at your fingertips.

Not seeing the training you need through our pre-packaged program? No worries, TPC has more than 300 topics that can be purchased "a la carte". As a CAMA member, you can purchase through the TPC Training website at an 18% discount.

Only TPC Training has Online, Classroom, and On-the-Job training solutions to fit every need and budget!
